

JUDGE JOSEPH CLINICAL LAB

ALUMNI ASSOCIATION

ST.XAVIER'S COLLEGE, PALAYAMKOTTAI

Introduction:-

The alumni association of St.Xavier's College (Autonomous) Palayamkottai, Tirunelveli District, and Tamil Nadu is organizing and managing the lab christened as "Judge Joseph Clinical Lab". As a social Medical Service venture to benefit the student, teaching community of the college in particular and the public surrounding the college campus in general. The lab is established to conduct clinical blood analysis and other tests like Electro Cardio Gram (ECG).

1. OBJECTIVES

To create health awareness among the students, teachers and surrounding public especially the poor and the downtrodden sections by providing clinical tests at affordable cost.

2. INAUGURATION

The Judge Joseph Clinical Lab was opened by the most Reverend Bishop of Tirunelveli, Rev.Fr.Jude Paulraj in St.Xavier's College Campus on 19-03-2009. The Lab was named after our illustrious alumni and past chairman of alumni association Judge Joseph. Rev.Fr.Leo Tagore S.J. and Senior Advocate Mr.M.P.Alagianambi were the main personalities to create this lab.

3. FACILITIES

The St.Xavier's College Management has offered the Building Facilities with full toilet, electricity and water facilities in the college campus for the lab.

Philanthropic member of alumni association offered donations, sponsored all the instruments and materials to the lab in the beginning. Thereafter, the lab is generating self sufficient income to provide more amenities to the patients and installed new instruments. The important Donors are Dr.Stephen, Col.R.Devadoss and Dr.Boopala Rayan and Mr.Sugmar and Mr. .M.P.Alagianambi.

4. ELECTRICAL INSTRUMENTS

At present the lab is provided with Two Semi Automatic Analyzers, Incubator, Calorimeter, Hot Air Oven, Fridge, Binocular, Microscope and Wensum Computerized Electro Cardio Gram Machine, Electrical Digital Weigh Machine, Blood Pressure Monitor and Generator Invertors to provide uninterrupted supply of electricity for the convenience of patients.
